

Minnesota School Nutrition Association Safety Statement

The Minnesota School Nutrition Association has been following the CDC guidelines in order to safely prepare for our in-person conference August 1-4th at the River's Edge Convention Center in St. Cloud. . With the new updates from the Centers for Disease Control (CDC), if you are fully vaccinated, you can resume activities that you did prior to the pandemic. According to the [CDC](#), you are considered fully vaccinated 2 weeks after your second dose in a 2-dose series, such as the Pfizer or Moderna vaccines or 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine.

We looked at the City of St. Cloud rules specifically because that is where our event will be held. Following the updated CDC guidelines, St. Cloud suggests social distancing, even if you've been fully vaccinated, but does not enforce or require it.

With these updates from the CDC and City of St. Cloud, our conference will look a little more normal now but could very well still change. At this time, we will not be requiring you to wear a mask but if you'd like to, please do what you need to do to feel safe.
